WATERCOLORS (8 colors)			1		1		
WHITE OUT TAPE						1	1

The easiest ways to tell the difference between the two is to look at the end and at the finger holes. The end of a flutophone is flared, like the end of a trumpet. Also, a flutophone has raised finger holes, while a recorder simply has holes drilled into the straight cylinder of the instrument's body

Primary Journal Composition book (inside: half blank and with line, dotted line, line)
